1. The following is an examiner's statement of reasons for allowance: (1) withdrawal of prior art rejection in view of applicant's appropriate amendment of at least independent claim 1 so to distinguish the claimed cathode plate from that of the prior art of the record; (2) withdrawal of obviousness-type double patenting rejection in view of applicant's filing of two separate terminal disclaimers. Prior art of the record, including the prior art references filed on 01/03/2004 fails to disclose or teach or suggests, taken alone or in combination, applicant's claimed cathode plate, as recited in at least amended independent claim 1, filed on 12/20/2004, specifically including a cathode substrate and a plurality of emitter lines formed on the substrate, each emitter line having electron emitting material continuously extending across multiple, separately addressable regions of the cathode substrate, wherein there is separating structure positioned between portions of the electron emitting material on the surface of the cathode substrate.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
